REPORT TITLE
Clerk's Report - For Information Only #26/04/13/801

1. Staff have been answering questions about quite a few different properties for sale or being sold including potential new building projects.
2. The geese have not yet arrived at Old Mackey Park, fencing has been erected and the "schedule" will be posted soon.
3. Roads labourers have been hired to work with Terry for 6 week brushing project to begin a.s.a.p. Due to short term duration of project, Terry is responsible for hiring following Municipal policy as applicable.
4. The Clerk attended Contract and Tendering training session April 25, a detailed report will be prepared for the next meeting.
5. Staff have been discussing alternatives for waste management and recycling with other municipalities to streamline our process, with a goal to reducing costs and having a viable alternative to our current processes.
6. The Clerk has met with representatives of Trans Canada concerning their proposed project to convert a section of the natural gas pipeline which flows through HCM to oil. The project would transfer crude from Alberta to the Maritime Provinces for processing and distribution sharing Canadian oil reducing the demand for imports. This is the preliminary phase, public consultation sessions will occur later this year.
7. Datacall has been successfully completed.
8. Bag Tags are ready for pick up.
9. The Library Board will be using the Hall from Friday, May 10 to set up for May Madness. Any items to donate, please forward.
10. The Clerk will be away all of next week – Monday and Tuesday at HR training in Barry's Bay, the rest of the week on vacation days.
