2. On Monday, May 6th 2013, I attended the Clerk and Treasurers Association Spring Meeting in Calabogie. My report is as follows:

- **Fred Dean Presentation:**
 - Claims against municipalities - how it is very important to have a complaint process;
 - Closed meetings - 3 steps - Council gives direction to staff, procedural & adjournment; the minutes are documented the same as regular meeting and some municipalities utilize different colour paper and add a water mark, CONFIDENTIAL on it; it's a good idea to give the confidential reports to Council prior to meeting so they can review them, however, let them know it is confidential;
 - Water - Safe Drinking Water Act - 2002
 - Public meetings - under the Planning Act - in Fred Deans opinion - council should let the public talk; have someone else chair the meeting and most important, create expectations, let the public know what the rules are at the start;
 - Code of Conduct for Council - the starting point is the declaration of office; its best to keep it simple; have a reprimand - motion must be passed by Council & they determine the penalty;
 - Google Alerts - sign up for free - put in any subject of interest and you will receive the alerts pertaining to that topic
 - Social Media - streaming council meetings live - this is becoming more popular
 - Emails - we must be careful with sending Council emails because if council business is advancing forward through email it is considered a meeting;
 - Buy Local - not a good idea; there is some different perceptions, where one lawyer states that it is illegal but another states that it is not;
 - Tenders - it is important not to just look at the price, there should be other factors such as, history, ability to supply, experience, etc... - which is the process that HCM follows;

- **Stephen Seller/MMAH update:**

- Infrastructure fund - available by Oct 1, 2013, qualifications for fund is to follow;
- Eastern Ontario Development Fund - reduced eligibility and is on a 1 year trial;
- Financial Information Return (FIR) - due May 31, 2013;
- Tax rate by-laws - due Sept 30, 2013;
- Green Energy Act - green energy use - MMAH is developing templates & will be available on website soon;
