Notes to Minutes – Deputations

Detachment Commander – Jeff Smith, Ontario Provincial Police – at Council's Request

D Grills - How can we improve communications so that we can assist the public? We may not know of incidents on the highway. People are stranded; we could help if we knew.

J Smith – most municipalities have some type of written agreement with OPP; emergency management committee. Problem is we don't have a time frame for highway opening. Can vary from hours to 12 – 14 hours. Out of OPP control. In winter, send someone up to check the highway. Road closure – don't have the people to man it. A protocol has to be created. If an emergency is declared, Em mgmt. contact com centre. Highway signs MTO. Some municipalities may purchase their own sign.

D Grills - Make the situation easier for OPP and people stranded. Use of abandoned rail bed.

J Smith – protocol needs to be established. We don't have the resources to man roads, rail bed etc. And it's not our responsibility. MTO owns the highway, municipality owns local roads. We do utilize signage with MTO. Getting better with that. More and more people are turning around – highway closed; not detour.

D Grills – they need information. They'll make the decision; they want the info.

J Smith – meeting coming up in future. Sergeants - Do a better job giving info. Unique situation, issue we don't have anywhere else. Can take back to members; because of uniqueness of our area and lack of detour, will bring it back.

B Reid – problem is where road closures take place – Rolphton to Mattawa;

J Smith – if not close – locals will drive onto the scene. Difficult to coordinate with Deep River, this detachment and Mattawa OPP.

T Stewart – protocol? If we called in, you'll tell us. Can you contact the office? Other issues. School buses weather related.

J Smith – buses, manageable – buses return to schools.

T Stewart – just a quick message to office or CEMC during closure.

J Gibson – appreciate concerns with road closures – hundreds of influencing factors. How much longer will the road be closed as opposed to when will it open. Moral and social obligation to open the hall. Eg. It will be closed for the next 3-4 hours. Would a change in focus help?

J Smith – they want the highway open as soon as possible. Call in on a fatal – changes all the time.

J Gibson – not concerned with accuracy. Just a guesstimate at initial closure length.

B Reid – I was a long haul driver, in accident years ago...they weren't given a time for reopening, but boy scouts volunteered to help – if there are medical needs etc. was a valuable service.

J Smith – will discuss with NCO's about improving communications. Don't release it because it confuses the public. Nothing is happening; upsets people. Lot of time waiting.

Cost of Policing

J Smith – that issue is with the province. Goal is to keep costs level.

County of Renfrew – Paul Moreau and Alastair Baird

Areas of responsibility and focus.

Forestry – trails program; Beachburg track – Jeff Muzzi;

Property – emergency services and admin buildings;

Planning Services – provide advice and support;

Official Plans – new PPS; MMAH in Pembroke soon.

Economic Development – Manufacturing, Agriculture, Bio-Economy, Culture, Heritage; County is going to acquire the railway corridor from Mattawa to Lanark – intact for the public of Renfrew County. Regional and municipal to discuss what to happen with your portion. EORN, AECL and restructuring, Garrison Petawawa, Biomass Energy, Highway 417 Extension. Work with Ontario East at MMAH.

Ratepayer who wants to start a business - programs we can deliver on behalf of the province.

Help youth start a business. Help link to other businesses. What OVTA is to tourism, Ec/Dev can do for any type of business.

OVTA – marketing for tourism in Renfrew County – membership driven.
