- concerns HCM - what's available to attract people.
- for over 20 yrs - expanded retail & moved bus.
- why - multi-use - for everything - attract people
- buy property, more build.
- majority pipeline - top base of base
- 2 commercial properties.
- can't see start for long commercial areas.
- tourism (major) emphasis more long run
- more properties - on the front of bus
- good thing for community

→ limited growth.

- ideas for how we could increase & - trip - haven't seen it operate yet.
- don't want to judge opp. before it starts
- want to 1st meeting in Chalk.
- multi-use - trail path as wide as 7 track 75ft wide in places.
- bull door - wider, more accessible - store to ground to bikes can ride & walk.
- intents - good idea

- Have you seen it personally?

on ~~Bank~~ - Eganville.

- opposed by farmers since open - no complaints

- farmers wanted to take property

- opposed to cash

- here - some people want some property

- people want to buy it

- well and good to buy for yourselves - please

- can use it - moved here for outside

- haven't been healthy enough to do outside spots

- had to judge before its there

Ottawa designated @ historical waterway.

- don't know amount of the it. thought getting

what businesses could come of it.

- good for food/gas on all close up.

- change in environment. been through this

@ work

- have to be able to participate

don't know so much about it - see this

slb a multi use trail.

①. Thaks for meeting. thoughts & ideas

- Multi use through
- benefit dev. to help cement bus & employ locals.
- point to promote tourism in mun - primary source of mun & bus.
- mun slogan

② development?

- signs slogans - eclude existing businesses
- vision of item - connected.

③ New bus. mun. corp.

- not sure how that will reflect.
- take away from current business
- slub in bus. & conflict other business.
- money (stiffing - weather permitting)
- mun. can support activities - access to airport skis etc.
- open large section of crown land for logging?
 - does mun. not.

#

- ④ - no concerns a increased development
 - enable residents to promote fitness
 - social development
 - new social clubs to participate - clubs.
 - always issues - new dev - little change in some time.
 - demographics have changed.
 - to activities that trail users. concept.
 - County funding. for trail improvements

⑤ always post neg effects of everything
 - how we reduce the risk is key - short term goal but a long term strategy
 - see all negatives first
 B. Bay - trail implemented - see? learn how to rectify issues

- neg effects etc diff for each person
- compromise is inevitable.

Safety concerns are a priority. Facts/b locked at - solutions 1st.

- don't see positive qualities
 - residents have issues, we can't ignore them
 - have to come up w/ solution to benefit everybody
 - we do this or no -
 - 1st solution might not work.
 - need to address issues. - try to solve them
 - reduce # of cancers people have.
 - as we try to move trail forward.
- different businesses.

- parking. killings -
- get cyclists off highway - deaths
- be along highway.

Ont worse to travel w/ cyclists.

County dropped the ball on this.

Siding for parking. - washrooms.

washrooms.

- elevated along with

- can flatten trails

Costs -

Answers will come soon than later.

County answered a lot of questions that residents have

- know where its going
- issues - research. KOP Trail
- Had a lot of answers to questions that I've had @ time
- they'll do a great job to bring it through.

answered residents concerns - not our concerns.

- trying to work plans out as they go along.
- is there a larger ^{trail} plan that county has had to implement.

gued rails -

due diligence " this municipality

Careful - toddler - soccer - running.

fear -

highway - roads around.
- can't stop all of them.

- ISSUES. - there are solutions.
- ATV club to set up workers (trail)
- can come up w/ strategies
- zig zags at crossings.
- so many strategies.

Gates - County to implement it.

we can't do gates - because of liability

will always be questions. - safety

to still moment

- answers to liability questions
- straight forward answers
- have discussion about what is required and
- more - how we go, can we all look at it.
- liability - big impact
- to what extent.

Trail through

our pet ducks in but I don't own boat.
 - ? is there support from mun. for trail?

what you gonna get if you invest.
 - sure they spend \$ in areas that I don't
 want to spend in.
 - managed negligibly - yes.
 - lined in areas due this for some time.
 - walkway brings people into county.

Someone to say to you there's a \$200/yr towards
 trail - you good in that.

I think look wider than that.
 I think grants will cover most of it.

- grants not a guaranteed source.

- Committee - Algon Trail committee
 get together keep an ongoing dialogue
 during process

- I don't have all ideas that we have

- talk to people. - transition to committee
 talk about possible ongoing issues
 liaison -

Biker's world wide. - want to use it.

- lots of people want to use it,
 - look forward to doing?
 skiing - cross country

- not looking for cc. trail
 or snowshoeing trails. - ind. clubs use.

request from a bike club to make a trail.

have clubs associated w
 can't see muni/county doing it?

County looks @ ATV snow' clubs have may
 - bulldoze, brush so its not as much a cost.

reason they're looking @ the list,

- clubs responsible for garbage, etc.

- ATV club - rack on club - he picks up garbage.

we do it - unbelievable what's left
 - we pick it up

garbage - off highway.
