16. QUESTIONS AND ANSWERS

Is there a By-Law appointing Wishart Law Firm as our legal counsel?

Action: Clerk to verify.

Have received complaints about docks and boat launches; it is difficult to take boats out of the water at Stonecliffe.

Was there a permit from the Ministry to create break wall on east and west side of the launch? Can we use rock that is already in place? Councillor Allen suggests taking photos for applications now, before water rises, as it could help speed up the application process.

Action: Clerk to look into history and obtain quotes in conjunction with Road Super for replacement.

Deputy Mayor Villeneuve contacted MTO about a "Take a Break" sign on Highway 17 that is in close proximity to the Stewart residence - asking it to be moved or taken down as people are trespassing in the Stewart's yard. Will council write a letter to MTO requesting the sign be removed ASAP?

Action: Clerk to draft letter.

Roads super can install poles at old Mackey park to prevent people from driving on the stairs.

17. CONFIRMATION OF PROCEEDINGS

Bill Bishop – Dementia Friendly Communities

The Dementia Friendly Communities Program has been established here and all over the country in order to create an environment where people with dementia can be participating members of the community.

People with dementia suffer from memory loss which causes them to become frustrated and withdraw from the community, becoming isolated.

This disease occurs over a long period of time – over 10 years easily.

It is important for people with dementia to continue interacting with their community.

Those who have dementia still want to be involved in the community- groceries, golf, banking etc.

The aim of the program is to create an environment where dementia patients can still be involved in the community. By providing education, community members can continue communication and interaction with dementia patients.

The program is looking for council and community support; a contact person, someone who will take the lead to set up and advertise, and use of the hall. The program will provide information and advertising. There is a great need for this program. 1 in 5 people at the age of 80 will have dementia. North Renfrew Dementia Friendly Community is the name of the program; not limited to Deep River.

Kudos to Bill and program members for bringing awareness to the issue. Good step forward in recognizing and identifying the program need.

Council is willing to support.
